Smith College  
10 Prospect Street,  
Northampton, Mass.

*HALL*  
*BP.*

Dear Miss Butler:

Your request for our classical record library has been referred to my attention.

We have a sustaining program which we call, "Music You Want When You Want It". It is written for one-half hour, five times a week, and we furnish stations with a basic library which is augmented periodically.

The scripts are prepared here and are mailed to reach stations at least two weeks prior to broadcast date.

At this writing we are not in a position to make this program available to you, but we shall be more than pleased to keep your request in our files against the time when we can.

Thank you for your interest in writing.

Cordially,

*Ida Marini*
